

As a parent/caregiver you realize that the home is the first and most important learning environment. The **Great Parents, Great Start** program is here to assist good parents into becoming great parents! This **FREE** program is available to St. Clair County residents who have a child between the ages of 0- five years. We offer individualized child development visits, playgroups on Tuesday mornings, developmental screenings, a toy and book lending library and numerous connections to other St. Clair County resources. We strive to provide the information, support and encouragement that parents need to help their children be ready to succeed in school and in life. Research has shown time and time again that the foundation for language, social behavior, problem solving and emotional health will be mostly created by the time your child enters kindergarten. To join in the fun and find out what you can be doing today to enhance your child's tomorrow; call Teri Tabacco at 810-357-7621. The Port Huron Great Start Resource Room is located at St. Joseph's Center.
